Dear Parents and Carers

CONFIDENCE IN CATHOLIC EDUCATION RESEARCH PROPOSAL

Catholic Education deeply values the participation and support of Parents and is committed to offering a high quality education and the safest possible school experience for all children attending a Catholic school in the Archdiocese. As part of this commitment, Catholic Education has undertaken a research project designed to provide comprehensive insights into understanding community views of current child safety and protection policies and approaches within schools in the Archdiocese. Through a balance of qualitative and quantitative approaches, the findings of this research will provide valuable insights into understanding parent and staff perceptions on what may be required to strengthen confidence in Catholic Education.

Catholic Education has engaged an independent Australian research body, JWS Research, to undertake this research on behalf of Catholic Education. JWS is a fully accredited, leading Australian researcher. As part of this, JWS Research may contact you on our behalf. If you do not wish to participate in this research, please contact the school front office.
